CONTINGENT MAY GO FROM MONONGAHELA

A committee from Monongahela, Pa., No. 453 was in Donora on Wednesday asking that the third contingent of selected men be mobilized in that town prior to their departure for Camp Sherman at Chillicothe, Ohio. The request was made to Gilbert E. Koedel, Secretary of the Board and it is likely to be granted. Charleroi and Donora have given the former details a patriotic send-off, and now Monongahela wants to extend their hospitality.

AMOUNT SLOWLY GROWING

MAIL'S TOBACCO FUND

The Mail is very much gratified at the interest taken in the tobacco fund which it is now raising for the boys who are "somewhere in France." The response we believe will be more general when the plan is better known but in the meantime those who have contributed and those who contemplate making a donation should remember there is no limit to the amount you can give. A near-by town, after promoting the fund for a few days, sent a check to the American Tobacco company for \$142.35. That meant that 567 comfort tobacco kits would be sent from one town. This fund had several contributions which reached up into the two figures for it must be remembered that one kit will run a soldier possibly a week, and then he will be at the end of his string until another gift is made.

We want Charleroi to be as generous as the surrounding towns. Do not limit your contributions to 25 cents. If at all possible make it more, for it is to be used in a splendid cause. The soldier boys cannot run to the corner drug store or the nearest tobacco shop to secure their favorite brand of tobacco; it is not on sale in France. Therefore, if we are to keep our soldiers in the old home "smokes" they will have to be sent from this side of the Atlantic.

The campaign has only started; the cause for which it is being raised is a splendid one and there is room for all on the inside.

CHILD IS SEVERELY INJURED BY AUTO

Andrew Varhulla, aged 5 years, son of Mr. and Mrs. Michael Varhulla, of Summit avenue, Monessen, is in the Charleroi hospital suffering from severe injuries sustained early Thursday afternoon, when he was run over by an automobile. The automobile belonged to the family and at the time of the accident was being operated by an older brother. The little fellow was standing in front of the car when the older boy started to drive past the house. Thinking the little fellow would step out of the way he continued to drive the car ahead, but instead the smaller boy stepped directly in front of the machine. He was knocked down by the fender and one of the front wheels ran over his head, the scalp being torn across, while other severe injuries were inflicted. The boy in an unconscious condition was taken to a nearby physician, who administered temporary relief and then the patient was brought over to the hospital. His recovery is considered doubtful.

NICKLES ARE SCARCE DOWN IN AUGUSTA

It is said that the "jitney," otherwise the nickel, is a scarce article in Augusta, Ga., caused by the increased traffic demand and the large number of additional passengers who are carried by the street cars. Another feature which has developed there, is the fact that the soldier boys are not spending all their money in that town. In one day there were \$3,000 in money orders purchased, while stamp sales have amounted to as high as \$1,000 in a day.

RETURNS HOME FROM A VACATION TRIP

Miss Minnie Richardson of the Charleroi Real Estate company, returned home Wednesday evening, after a ten-day vacation spent in Cleveland, Ohio and in Albany, N. Y. In Cleveland she visited with her brother Earl and from there went to Albany where she spent the remainder of her vacation with her sister, Mrs. R. M. Smith. On her return home she was accompanied by her mother, who had spent the past month in Albany.

STRONG LINE-UP FOR BALL GAME

"Speeder" Kelly has made good with his promise that he would have an All-Star ball team to oppose the Steel Products at the Charleroi ball park Saturday afternoon. In his lineup will be found Ray Miller, of the Cleveland Americans; Marty Berghammer of the Kansas City team; "Lefty" George, of the Louisville; Katzy Keifer, of the Worcester, and Pennington of the Pittsburgh Collegians. The team will line up as follows: Pennington, left; Urban, second; Boucher, third; Ray Miller, first; White, middle; Kelley, catcher; Marty Berghammer, short; "Lefty" George, right; Katzy Keifer, pitcher. Braithwood and Osborne, utility men. The Steel Products will depend on the regular line-up of its team, with Hen Wilson, Jones, Haywood, Malaney, Phillips, Moody, Gader and Carlson, and Rapp, Jamison or Dischner on the mound, with Gader or Moody back of the bat. It ought to make a great game, which will be called at 3:30, provided the weather is propitious. It will be the final game of the season.

WILL LEAVE FOR DUTY MONDAY MORNING

Palmer R. Ashton, accompanied by Fred Collins, of Speers, will leave Charleroi Monday morning for Ft. Slocum, New Rochelle, N. Y., to report to the commanding officer for assignment to duty in the 26th Reserve Engineers. Both men received their transportation this morning.

ARCANUM HOLDS A REGULAR MEETING

Charleroi Council, No. 1640, Royal Arcanum, held its regular semi-monthly meeting last Wednesday evening. Five applications for membership and two reinstatements were received. After the meeting a stag euchre was held, which was well attended, concluding with a lunch.

Born—Mr. and Mrs. Chas. Fields of Charleroi, Thursday evening—a son William Harvey.

Be sure to attend the opening Friday and Saturday at Roe & Company's. 88-11.

INSTITUTE OF ELEMENTARY DIVISION MEETS TOMORROW

JUDGE'S NOMINATION WAS NOT EXPENSIVE

Judge John A. Melhairs, in seeking his nomination for the fourth term as judge of the court of common pleas of Washington county spent the sum of \$93.75. He received no contributions and has no unpaid obligations, at least none that he knows of at this time, he sets forth. The sum expended was for printing and advertising.

MEN ARE TAKEN FROM THRESHER

Owners Had Not Been Exempted and Failed to Report

WERE TAKEN TO GREENSBURG

Two men named Coughanour, who operate a threshing machine in Rostraver and adjoining townships in Westmoreland county, were taken from their work on Kisor farm back of Monessen on Wednesday by a United States officer, presumably because they had not reported to go with a contingent of men to camp Lee at Pettersburg. The men were taken to Greensburg to appear before the District Board. One of the men had applied for exemption, being married, but evidently his claim had not been granted. Farmers in the Rostraver township section are of the opinion that the men should be released, as it is difficult to get men to do threshing, and unless some experts are on hand there will be little chance of getting grain threshed. Mr. Kisor, on whose farm the machine is now located, has about 2,000 bushels of grain to thresh but there will be nothing doing until there is some one to hand to run the machine.

After the Coughanour men were taken away it was necessary to send the workmen who had been assembled for the day, back home, to await developments. Some representations will likely be made to the board at Greensburg in their behalf.

INSPECTING WORK AT LOCK NO FOUR

Lieut. Col. Horton W. Stickel and W. D. Fairchild, from the United States Engineer's office, Pittsburgh, were at Lock Four this morning inspecting the work which had been done in the "break" at the dam. The cribbing has been firmly anchored and is now being filled with rubble stone.

All Modern Conveniences.

A four-year-old Marion with her mother was visiting in a small town. One day while passing the public watering trough for horses a flock of birds was perched on the side of the tub drinking. This was something new for Marion and, looking up at her mother in surprise, she said: "Why, mudder, I didn't know they had bathtubs for their birds down here."

Proud Man.

One is brought face to face with the stern facts of nature when a saleswoman at a Brooklyn department store while exhibiting a dehydrating machine says: "You are mostly water and if you were put in here you would soon look no better than that dried onion."—Brooklyn Eagle.

Lost His Sweetheart.

Harold, aged five, was visiting his aunt in the city, and the little girl next door was his sweetheart till one day when she came over with her little pink rompers on. Mortified, Harold said: "Why don't you go home and get a dress on; I don't want you to be a boy."

Dwarf Trees for Gardens.

Dwarf trees are suited to small gardens, they occupy little space, are easily cared for, bear sooner than standard kinds, and they are easily shaped into bushes and pyramids, or can be used in espalier forms, trained on buildings, fences or trellises.

Watching Lobsters' Tails.

To find out if they have been cooked alive, lobsters should be examined very carefully. If their tails are tightly curled to their bodies it is reasonably certain that they were properly cooked.

Simple Cure for Hiccoughs.

Dr. P. B. Aquino of Buenos Aires reports in the Semana Medica a case of severe hiccoughs that resisted all treatment for 24 hours, but that yielded at once when the man's eyeballs were pressed.

A Healthy Spot.

Livane must be a healthy spot. Within a small radius there are residing in the pretty Cardiff suburb seven people whose aggregate ages total 569 years.

Good Roads Civilizers.

The building of an American road in one of the most lawless provinces of the Philippines was said to have had a wonderfully civilizing influence.

Essentials of Happiness.

"The grand essentials of happiness are something to do, something to love, and something to hope for."—Chalmers.

Meaning of "Purim."

The word "purim," the name of the great annual festival of the Jews, means "lots." This feast commemorates the preservation of the Jews in Persia from the massacre with which they were threatened by Haman (Esther 9). They gave the name purim or "lots" to commemorate the festival because he had thrown lots to ascertain what day would be auspicious for the massacre.

Wanted an Escort.

A little boy had a birthday party, his guests being around the ages of five and six years. After having spent a pleasant afternoon they all started for home at about five o'clock. After a while the little boy's mother noticed two little girls sitting on the steps and said: "You better go home, little girls, before it gets dark." One spoke up and said: "I want a boy to take me home."

Woman May Be Auctioneer.

Although there is no record that a woman has ever been an auctioneer, it is on record that in May, 1912, the then mayor of New York, Mr. Gaynor, answered an inquiry addressed to him by a woman by saying that there was nothing in the law to prevent a woman from becoming an auctioneer. Strange enough, it was a milliner who made the inquiry.

The Proper Attitude.

The proper attitude of a man toward a woman is not a very complicated affair. The fellow who admires her if she's beautiful, honors her if she is a mother, respects her if she works, has sympathy for her if she is in distress, and pities her if she stumbles is in a fair way to become a gentleman.—Houston Post.

Well Answered.

Old Lestrich, an uncomplimentary husband, who used to appear in the Austrian paper Floh, said to his wife: "If nature had made me an ostrich, perhaps I could eat your cooking." "That would be fine," answered his imperturbable wife. "Then I could get some plumes for my hat."—Christian Register.

First to Sleep in Bathtub.

The first man to sleep in a bathtub is believed to have been an early victim of a hotel proprietor whose house was "full up" and who blithely charged the haggard guest \$4 for the privilege. Hotel men promptly took to this scheme most kindly.

How He Had Changed.

She—"Remember when he was a green country boy and you showed him the sights? What a crude interest he took!" He—"He's the same now except that he'd like to take the interest before it is accrued."—Judge.

Like the Seashore.

"My dear," said Mr. Newedd as the sixteenth cook in a month came up the walk, "this reminds me so much of the seashore. I can sit at my own window and watch the breakers coming in."

Two Things to Learn.

Learn these two things: Never be discouraged because good things get on so slowly here, and never fail daily to do that good which lies next to your hand.—George McDonald.

WOMAN COULD HARDLY STAND

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Fulton, N. Y. — "Why will women pay out their money for treatment and receive no benefit, when so many have proved that Lydia E. Pinkham's Vegetable Compound will make them well? For over a year I suffered so from female weakness I could hardly stand and was afraid to go on the street. Doctor's said medicines were useless and only an operation would help me, but Lydia E. Pinkham's Vegetable Compound has proved it otherwise. I am now perfectly well and can do any kind of work."—Mrs. NELLIE PHELPS, care of R. A. Rider, R.F.D. No. 5, Fulton, N. Y.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound. If you have had symptoms and do not understand the cause, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

"Mr. Crowley, can you lend me \$7?" "No, sir, I can't. And if I could I wouldn't. I have been lending you money for a year, and you make no effort to return it!" "But I wanted to know if you wouldn't lend me—" "And I tell you beforehand I won't!" Up Hill and Down Dale.

APPROACH it on a dead run, or start up from a standstill. Up, up you go with the crest in sight and that inward consciousness of abundant power under the hood. For the tank is filled with Atlantic Gasoline—and Atlantic was never known to fall down on its job.

Over the brow and down the other side, dropping into the stride of the burp, if you wish. The motor is purring softly now as you lift your foot slightly from the accelerator.

Another grade. You press down. The soft purr changes to a deep growl and you know you are going to make it on high. For Atlantic Gas is still on the job. Up hill and down dale—all is pleasant going when you feed Atlantic Gasoline.

Put in a shot of Atlantic next time and watch the difference—in both power and purse. Beware of mongrel fuels.
